

ViralPeps

TrustScore[®] for Suppliers

A commission-proof trust badge that tells buyers you're verified — checked, scored and ranked daily on the UK's peptide price-comparison site.

For vendors, by ViralPeps

Get your store independently verified, ranked and highlighted — from a Free Conversion & Trust Widget to a paid Audit Certification.

Why a TrustScore[®]

Buyers decide on trust, not just price

TrustScore[®] wins the sale.

Every supplier sells the same peptides in the same price band. When a buyer has to pick between them, the one they can verify wins. That's exactly where ViralPeps comes in: we check and score suppliers every day, so your Verified badge does the convincing for you.

AI-Generated Transparent Scoring — Not Sold, Highest Bidder Does Not Win!

Every TrustScore is built from hard, verifiable signals — certificates of analysis, regulatory statements, payment and shipping terms, contact details, third-party reviews and registered-business identity. We do not sell scores or let vendors buy their rating, so the badge means something.

Two ways to earn the badge

Free Conversion & Trust Widget

Terms & Conditions

The basics governing your TrustScore® account

Use of your account

- You are responsible for keeping your store details, contact and payment information accurate and up to date on your ViralPeps listing.
- Accounts are for legitimate sellers, no scammers. Misrepresenting your business, products & verification status will result in full removal from ViralPeps and possibly being added to our peptide scammers list.

Scoring & verification

- TrustScore® is computed automatically from publicly verifiable signals and is not for sale — it cannot be purchased or influenced by payment or commissions.
- A higher score requires both a strong automated profile and a paid independent Audit Certification where applicable.

Fees & renewal

- Verified and A-la-carte packages are billed monthly and cancel any time.
- There is no commission on sales. Verification is a flat fee, never a share of revenue.

Terms & Conditions (continued)

The basics governing your TrustScore® account

Content & conduct

- You may not place or claim ads, badges or placements you have not purchased.
- Sellers cannot use other competitor widgets or badges which conflict with ViralPeps or TrustScore®.
- Promotional materials must comply with UK advertising and peptide regulations.

Liability

- ViralPeps provides comparison and scoring information as-is. Buyers make their own purchase decisions with the responsible suppliers they choose.

Acceptance

- By listing on ViralPeps and using a TrustScore® account you accept these terms. ViralPeps may update them with reasonable notice.
